FOREST FIRE SEASON

The Pouch Cove Fire Department would like to point out that 1 May 2015 was the start of Forest Fire Season and will continue until 15 October 2015. Although conditions may seem wet/damp, wind and dry weather allows for ground vegetation to dry quickly creating the right conditions for a fire if a source of ignition is introduced. With that said please be reminded that fires for the purpose of burning garbage, brush etc will require a permit to burn under the Forestry Act. Information regarding obtaining a fire burning permit may be directed to 729-4180.
